<p>Step 6:</p> <ul style="list-style-type: none"> Setup the Passcode Lock PIN (Minimum 4 digits) as prompted if you haven't done it yet. 	<p>Step 7:</p> <ul style="list-style-type: none"> Follow the rest of the prompt and config the rest of the settings to finish the setup... 	

Tips#1: Please always refer to this URL (<http://Mail.MontgomeryCountyMD.gov/setup>) for the latest version, and please do not Save or Print this document unless you have to.

Tips#2: Please make sure Every Time when you change your **MCGOV Password**, you will have to Manually update the Saved ActiveSync Email Password on **ALL** of your ActiveSync Device(s) **Immediately**. If you have a Smartphone and a Tablet both setup with your ActiveSync profile, you will have to change BOTH immediately.

Tips#3: Update the Saved ActiveSync Email Password: Press <HOME>  → Setting  → email + accounts... → Pick the ActiveSync Account you just created (i.e. **MCGOV**) Change the **Password** to match your CURRENT MCGOV Password → **Done**

Tips#4: Please make sure the password you have selected for the MCGOV Account is also something that you could type on the Virtual Keyboard from the Smartphone / Tablet device.

Tips#5: Please check & double-check the Password you have entered thru the Touch Screen Keyboard is **100% matching your Current MCGOV password**.

Tips#6: The device will be wiped after 8 failed login attempts in the event of unauthorized access, lost or stolen mobile device. This can also be use to Reset your device back to factory default settings.

Tips#7: Reboot the Windows Phone device: Hold the <Power> until you see **slide to power off**

Tips#8: To Master Reset Content & Setting: Press <HOME>  → Setting  → about → reset your phone → ...

Tips#9: All Smartphone / Tablet device does require reboot once a while (weekly) to maintain stability.
